Salon & Barbbery

Did you run circles around your classmates in cosmetology school and never understood why no one else got it? Do you want to make \$100,000 or more a year doing what you love? Do you love creating kick-ass hair without breathing in plastics and toxins that are prevalent in this industry?

talem Salon & Barbbery is a health-conscious salon that strives to protect and improve the health of our stylists, guests and the environment while creating gorgeous, timeless looks. We believe that stylists deserve a work environment that allows them to earn more money every year and opportunities to invest in their future. We offer continuous education, one on one business and marketing coaching, and preventative, holistic health care options.

If this post is making you say, "YES" send us an email and tell us who inspires you most in our industry and the best place you ever ate tacos. Yes. We like tacos.
