

Radius Therapy, LLC

Home based therapies centered around you

Radius Therapy is expanding and we need a Physical Therapist and a Physical Therapist Assistant to help us see patients in the Johnson County, parts of KCK and KCMO area. This can be a part or full time contract position, or just a supplement to your current employment. You will have the flexibility to make your own schedule on your own time.

Radius Therapy is an outpatient, in home therapy-based business located here in Olathe. We are unique in this area and proud to serve the ageing population with Physical, Occupational, and Speech Therapy services.

Scott Newby, Director of Clinical Operations can be reached at 913.952.0527 anytime and our email is info@radiustherapy.com
