- Expand your professional network
- Increase your skills, knowledge & abilities
- Enhance your value to your business or organization

"Leadership Olathe, just as leadership itself, is more than meets the eye. I gained significant practical leadership tools, knowledge and perspective. What I didn't expect to get was a real, candid, in-depth look at our local governments. I gained a great deal of respect for our local governments leadership and have a much better understanding of how and why our cities and counties operate. Not to mention several new relationships that I gained with my fellow alum. I would absolutely encourage participation in this program."

- Scott Case, Class of 2015

"I am so grateful to the Olathe Chamber of Commerce for the fantastic work they do with Leadership Olathe. This outstanding opportunity has been life changing. The depth of knowledge gained, and the networking/relationship building with other community leaders throughout the LO journey has been beyond valuable. Leadership Olathe has made me a better citizen, a better board of education member, and a better local business owner."

-LeEtta Felter, Class of 2015
